

Our second visit to the town,
and as good as we remembered.
We came to relax and do very
little, and that is exactly what
happened. The weather was fine all
week, getting better each day. Fished
in the lake every day, caught lots
of roach and small carp. On Wednesday,
which was our silver wedding
anniversary we went to La Motte,
all around the old town which was
a lovely day out. Mayenne is
also a nice town to visit and
Leray le Chateau is worth going
to. Sophie and Damien made us
welcome as before, and Baboo
seemed to remember us right away.
We will be back again I have no
doubt.
