

Sophie - if you ever come to England + you are in Kent - please visit us - I would then get the chance to return your welcome + spoil you + your family in return.

the tower - comfortable, warm + everything one needs for a week away from the hustle + bustle of work.

Also for great inspiration, if like me, you like to draw.

+ not forgetting Boboo + Chats  
you also added greatly to our welcome  
+ all visitors to this place are urged  
to feed all of them on demand !!

finally a note to fellow guests - go home + rave about this place of your leisure  
BUT never tell them how to find it - this  
is our secret !!!
