

Arrived later than planned, "because of the french road signs", but glad of the warm welcome which we received from Sophie & Damien, we were woken the first morning by a bird tapping on the window which apparently visits regularly. fished in the lake for a few days and caught 9 carp well over 10lbs and hundreds of smaller carp & roach, we both had a very enjoyable week, and would recommend it to anyone who enjoys the outdoor life.

many Thanks to the Gallais Family, Sophie, Damien, Cole & Anouk, Babou & the cat.

PS. will send you the photo of the carp!

Jacqui & Paul.
