

For our fifth visit to this delightful property, the weather was excellent (a great improvement on the very wet condition throughout July and August, according to Sophie).

The addition of the rowing boat on the lake and the broadband connection were very welcome and well-used!

The Gollais family were as welcoming and friendly as ever and wildlife in abundance, is it any wonder we return again and again?

This will not be our last visit!

Michelle & Graham Shaw, Northants.
