

To our french family that we love so much: ~~we~~ This is our second visit to the Chateau and we never want to leave. We are in France with our french teacher who hosts a trip every year. The Gallais family has been our host family both times and we appreciate everything they have done for us. They are so loving and welcoming. They have made our stay in France an experience that tourists dont have the privilege of having. To Sophie, Damien, Colin, Anouk, Babou et les chats, we love you.

Love,

Stephane and
